Subject: Revised R Interim Flow Recommendations Covering the Period from March 20, 2013 through February 28, 2014

---

On March 12, 2013, I received an updated Allocation and Default Flow Schedule from your staff for my review and action. Prior to preparing this response to the updated Allocation document, I reviewed the updated Allocation and consulted with fisheries agencies staff and the TAC to obtain their counsel during preparation of my revised Interim Flow recommendations.

My updated Interim Flow recommendations, prepared in response to your March 12 Interim Flow Allocation and Default Flow Schedule are attached for your review and action. After you and your staff have an opportunity to review my recommendations I look forward to discussing them with you. Please let me know if you have questions and when you expect to be ready to act on my recommendations.

Thank you for your consideration.
